

## Summer Reading 2022

Our 10th, 11th, and 12th grade students participate in a student-centered summer reading program. Students choose one book from a list compiled by the English Department, Adult Learning Community, and students. When the students return for school in September, they take part in a dynamic book group discussion made up of their peers, faculty, staff, and administration. We are excited for another year of this amazing program!

***The English Department Chairperson, Susan Sullivan, will reach out to each transfer student, assign a summer reading book, and share the summer reading program expectations and Book Form.***

### **Summer Reading Tips & Expectations**

- Students must complete the Book Form before the start of the book groups.
- Please be sure to bring your book and a hard copy of the Book Form to your book group.
