

## Fontbonne Daypack

Fontbonne daypacks are a **required** part of the Fontbonne uniform. Daypacks are to be used during the school day to get materials to and from class. They are meant to hold materials for two or three classes, encouraging frequent stops at a student's locker.

Fontbonne moved to the daypack many years ago in response to research that shows increased health issues for students who carry too heavy of a backpack for long periods of time. Backpacks are still encouraged to be used to get materials to and from school.

**Purchase your Fontbonne Daypack from the Fontbonne New Student Page.**
